

Being a column in which the publisher just "blows off the steam."

By Willard Jones

JOE LEAGUE is devoted to golf and his wife is equally fond of auction sales. They both talk in their sleep.

The other night, some of their friends report to this columnist, he was heard to shout, "Fore!" and immediately his wife yelled, "Four and a quarter!"

WEEKLY ROTATOR comments that a day in one's life is full of action when it is considered...

If you are an adult weighing about 175 pounds, in 14 hours:

- Your heart beats 103,689 times.
- Your blood travels 168,000,000 miles.
- You breathe 23,040 times.
- You inhale 438 cubic feet of air.
- You eat 3 1/2 pounds of food.
- You drink 2.9 pounds of liquids.
- You lose in weight 7.8 pounds.
- You perspire 1.43 pints.
- You give off 2.6 degrees Fahrenheit.
- You turn in your sleep 25 to 35 times.
- You speak 4,800 words.
- You move 750 major muscles.
- Your nails grow .000046 of an inch.
- Your hair grows .017414 of an inch.
- You exercise 7,000,000 brain cells.

A HAMLIN WOMAN who readily admitted the other day that she is a regular reader of this column (making at least half a dozen we know of) submitted one of her favorite "pieces" for reprinting here, entitled "Don't Find Fault!"

Pray don't find fault with the man who limps
Or stumbles along the road,
Unless you have worn the shoes he wears,
Or struggled beneath his load.

There may be tacks in his shoes that hurt,
The hidden away from view;
Or the burdens he bears placed on your back
Might cause you to stumble, too.

Don't sneer at the man who is down today
Unless you have felt the blow
That caused his fall or felt the shame
That only the fallen know.

You may be strong, but still the blow
That were his, if dealt to you
In the self-same way, at the self-same time,
Might cause you to stagger, too.

Don't be too harsh with the man who sins
Or pelt him with word or stone,
Unless you are sure, yea, doubly sure,
That you have no sins of your own.

For who knows, perhaps, if the tempter's voice
Should whisper softly to you
As it did to him when he went astray,
Might cause you to falter, too!

WHAT HAPPINESS IS, no person can say for another. But no one, I am convinced, can be happy who lives only for himself. The joy of living comes from immersion in something that we know to be bigger, better, more enduring and worthier than we are.

People, causes, ideas—these offer the one possible escape not merely from selfishness but from the hungers of solitude and the sorrows of aimlessness. No person is as uninteresting as a person without interests.—John Mason Brown.

The Country Parson

"The key to many of our family problems is the one that fits the family car."

Politics Begins to Boil in County for Off-Year Ticket

PIED PIPER BAND ROYALTY was displayed between the halves of Friday night's football game between the Seymour Panthers and the Hamlin Pied Pipers when Carol Jo Simpson, daughter of Mr. and Mrs. Joe A. Simpson, was crowned Band Sweetheart of the 1959-60 school term. The band queen was elected by secret ballot several days ago by members of the 50-piece Pied Piper Band of Hamlin High School. Miss Simpson's escort (shown with her) was Terry Scott.

5,000 Letters for Christmas Seals Mailed This Week

Five thousand letters, to people of Jones County went into the mails this week from the Jones County Tuberculosis Association in promotion of the annual Christmas seal sale, reports Mrs. E. M. Wilson of Hamlin, Jones County seal sale chairman. The Jones County unit, along with all other units in the United States, is co-operating in a simultaneous campaign.

The Tuberculosis Association, Mrs. Wilson explains, has only one means of collecting money for the worthy cause of combating tuberculosis and that means is through the mail service.

Red Schoendienst is the national honorary chairman for the TB Christmas seal sale this year. Red, a great athlete, has been an inspiration to people throughout the country, and particularly to those who have ever suffered from tuberculosis or ever had members of their families suffer from it.

A host of athletes throughout the nation are joining Red this year in supporting the TB seal sale campaign.

Members of the Hamlin Business and Professional Women's Club folded and stuffed the letters and stamps for the mailings.

PLAYING A VITAL ROLE at the football games of the Pied Pipers this season has been the 60-member girls' Pep Squad pictured above. The group, under the direction of Dora Mitchell, has added color and spizzintum to the games with their spirited yells and between-halves exercises, along with the 50-piece Pied Piper Band. Practically all the girls in high school not playing with the band were members of the Pep Squad.

Sheriff and One Commissioner Seek Reelection

Politics began to boil in Jones County over the week-end as two current office holders announced their intentions of running for reelection. And another announced plans to retire from office at the end of the current term, expiring after next year.

Sheriff Dave Reves, serving his second term in the county post, filed his name last week with County Democratic Chairman Bland Harper at Anson.

Although he had not filed his name officially, County Commissioner Johnie Agnew of Hamlin told a Herald representative that he would run for reelection to the Precinct No. 1 position he has held for two terms.

Ima B. Dougherty, serving as county tax assessor-collector for six years as an elected official and one year as an appointee, said she would not seek reelection to the office. She previously had worked in the assessor-collector's office for more than 15 years.

No one had filed early this week for the assessor-collector's post, but The Herald understood that several were eyeing the post.

Only the sheriff, tax assessor collector county offices, and commissioners posts in Precincts 1 and 3 and some constables posts will be up for filling this year. Lem Ruark is commissioner in Precinct No. 3.

Sunday School Total Attendance Again Passes 1,250 Mark

Sunday School total attendance at the 12 reporting churches of Hamlin went back above the 1,250 mark Sunday The 1,273 total was 137 more than the previous Sunday and was exactly the same as the year ago total.

Attendance, by churches, for November 8, November 1 and a year ago follows:

Churches	Nov. 8	Nov. 1	Year Ago
First Methodist	243	192	208
First Baptist	56	49	64
Church of Christ	243	135	173
Ch. of Nazarene	71	72	93
Assembly of God	31	41	43
Sunset Baptist	41	43	50
First Baptist	381	376	368
Mexican Baptist	58	32	33
Calvary Baptist	62	40	40
No. Cen. Baptist	99	64	77
Oak Gr. Col. Baptist	48	42	60
Faith Methodist	50	50	63
Totals	1,273	1,136	1,278

VISITS MOTHER. Royal L. Parker of Stockton, California, was in Hamlin community last week-end visiting with his mother, Mrs. Ima Parker, and other relatives and friends.

Who's New This Week

Four new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Three boys and a girl, they are:

A boy for Mr. and Mrs. Jeff Strother of Hamlin arrived November 1. Weighing seven pounds 15 ounces, the youngster was named Berry Scott.

A girl was born to Mr. and Mrs. Nathan Patterson of Stamford November 3. Tipping the scales at seven pounds four ounces, she was labeled Karri Dawn.

A boy for Mr. and Mrs. Sammie Gilbert of Trent was born November 4. Weighing a light five pounds 11 ounces, he will answer to Derrick Allen.

A boy for Mr. and Mrs. Elmer Criswell Jr. of Aspermont arrived November 6. Balancing the scales at seven pounds 14 ounces, the lad accepted John Elmer for a name.

Beer Sale Legalized At City's Back Door

Legal selling of beer on Hamlin's northeast doorstep may become a reality within a few weeks, it was declared this week following the election in Stonewall County's Precinct No. 2 Saturday.

Resident of the precinct, which reaches the Stonewall-Jones County line some six miles northeast of Hamlin, voted Saturday to legalize sale of beer by seven votes. The vote was 89 to 82 for sale of beer for off-premises consumption.

Biggest box in the precinct was Old Glory. It voted 86 to 68 to legalize sale of beer. South side box voted none for and 9 against; and Rhoda voted 3 for and 5 against.

The election followed a ruling of the Texas Supreme Court that incorporated towns and cities and justice precincts may vote wet if they desire in counties which have been dry.

Following canvassing of the votes by the Stonewall County Commissioners Court, a 30-day waiting period is required during which the vote can be contested.

Lisbon Letz has received his appointment as official postmaster of the Old Glory post office, according to word from Washington.

Letz served as acting temporary postmaster during the past year following the resignation of Herbert Rinn, who is now clerk at the Rule post office. Letz is the son of Mr. and Mrs. Alfred Letz.

Cotton Quotas and Acreage Allotments Proclaimed for 1960 by Ezra Benson

Secretary of Agriculture Ezra Taft Benson has proclaimed a national marketing quota of 13,133,000 bales (standard bales of 500 pounds gross weight) and a national acreage allotment of 16,000,000 acres for the 1960 upland cotton crop, according to a release to the Herald from College Station.

Texas' share will be 6,761,512 acres with an additional 55,965 acres for the national reserve. The secretary also announced his determination that alternate—Choice B—farm allotments for the 1960 upland cotton crop will

be 40 per cent larger than the "regular" Choice A allotments for the same farms.

An acreage allotment of 22,243 acres will be in effect for the extra long staple cotton grown in Texas in 1960. The national marketing quota will be 66,590 bales with a 64,776-acre allotment.

December 15 was set as the date for a growers' referendum on marketing quotas for both upland and extra long staple cotton. At least two-thirds of the farmers voting in the referendum must approve the quotas if they are to remain in effect.

If the quotas are approved, Choice A will include "regular" farm allotments with price support at not less than 75 per cent of parity available to growers who comply with their regular allotments. Choice B includes 40 per cent larger farm allotments and price support to growers who comply with their Choice B allotments at 15 per cent of parity less than under Choice A. Individual farm allotments under both Choice A and Choice B will be made available to producers prior to the referendum.

Royce Campbells Go To State Baptist Meet

Rev. and Mrs. Royce Campbell attended the fifty-ninth annual meeting of the Baptist Missionary State Association of Texas in Fort Worth Tuesday and Wednesday of last week.

Rev. Campbell is pastor of the Calvary Baptist Church in South Hamlin. They reported a fine meeting. The couple also visited with their parents in and near Weatherford.

C. E. Gregory of Hamlin Reelected Farm Bureau Head

Directors of the Jones County Farm Bureau met Monday night of last week for their first meeting of the new fiscal year. The following officers were elected: C. E. Gregory of Hamlin, president; Jack Morrow, first vice president; Newman West, second vice president; and Dale King, secretary-treasurer.

Committee chairmen elected at the session were: M. E. Carothers, resolutions; Newman West, P. chairman; and Joe Benton, membership.

Twelve members were present for the initial session of the year. The directors will meet the first Monday night of each month, and they welcome anyone interested to sit in on their sessions, an official declares.

REELECTED president of the Jones County Farm Bureau at the annual business meeting of directors at Anson was C. E. Gregory (above) of Hamlin, long time farmer in the Neida community south of town.

Two-County Singing Set at Hamlin Sunday

Several visiting singers are expected when the Jones and Fisher County singing is held Sunday afternoon at the Calvary Baptist Church in South Hamlin.

The songfest gets underway at 2:00 p. m., to which the public is invited, say promoters of the singing.

Construction Begins On Riddell Building

Construction began Monday morning on a new building for Hamlin Auto Parts on South Central Avenue just south of Tommy's Flowers. The site formerly was occupied by M. T. Hudson's Garage.

Bob Riddell, owner, said the 40x120-foot block tile and brick building, is being erected by an Abilene contractor. Front and side parking is being arranged for the new site of the auto parts firm, now located two blocks south, next door to Crow Brothers.

Property Owners Urged to Work Up Own Blocks

Hamlin City Council voted recently to participate in the current campaign to pave streets in the business and residential of the town, adding impetus to the drive.

The city will provide an engineer, pay for intersections and furnish fill material on all street projects as long as funds are available, according to Mayor L. H. McBride.

The move opened the way for many blocks in the community to be paved. Curbing has been completed in some 40 blocks, and more are ready for curbing as soon as contracts can be let.

Members of the civic affairs committee of the Hamlin Board of Community Development have concentrated on Southeast Avenue A, a business street, for paving by contacting all property owners, who were cooperating in an effort to relieve traffic from Central Avenue. Most property owners were in full accord and have already given their checks to pay for their share of the paving. There were only two hold-outs on the entire street for four blocks. The city can only contract for paving of three blocks of Southeast Avenue A which are already paid for.

An effort is being made to pave side streets joining the three-block section, according to L. E. Prewitt, director of the civic affairs.

See CITY PAVING—Page 3

Farmers of Area Get Fish from Hatchery

Several California Creek and Middle Creek Clear Fork Conservation District cooperators last week received fish from the Federal Fish Hatchery at Burnet.

The fish were delivered by Leiland Fluitt to Anson, where they were picked up by the following farm and ranch owners: Carl Savage, A. M. Sealy, J. E. Touchstone, N. H. Touchstone, R. S. Turner, F. L. Weaver, B. E. Webb, E. D. Appling, J. T. Casady, J. E. Cowser, Thomas Davis, Milt Harrell, A. A. McDuff, Homer J. Meriott, Hoke Probst, R. Q. Garrett Sr. and Dr. W. V. Ramsey.

W. L. Stem, local technician of the Soil Conservation Service, assisted in delivering the fish.

MR. SAM AND BIG BASS—Speaker Sam Rayburn (center) displays 10 1/2-pound bass he caught while fishing in a ranch tank owned by Dolph Briscoe Jr. (right) of Uvalde. Former Speaker and Vice President John N. Garner looks at the fish, which he called "The biggest bass I ever saw."

HERBERT HOOVER STILL IS A FINE INFLUENCE

The "Chief" reached his eighty-fifth birthday last August 10. The "Chief" is what his friends call former president Herbert Clark Hoover.

Most of Hoover's 85 years have been devoted to service to his fellow man. Born in humble circumstances at West Branch, Iowa, he became one of the world's greatest engineers—perhaps the greatest. He served his country as president for four years—on several occasions he was placed in charge of feeding the European victims of war. His exploits and good deeds are a matter of common knowledge. Even those friends who turned against him in 1932, when he was defeated for reelection to the presidency, have returned to the fold and today are among his loudest and most ardent admirers.

At 85 the Chief is still active—what is more he announces he has no intention of retiring. As he so aptly puts it: "Those who retire without some occupation can spend their time only in talking about their ills and pills. And the other fellow wants only to talk about his."

One of the Chief's principal interests in recent years is the Boys Clubs of America movement of which is board chairman. With justifiable pride he tells that under his leadership the number of units working with boys, mostly from under-privileged environment, has grown from 130 to 526.

He still fishes, is still a baseball fan, and just to keep out of mischief in his spare time, he is busy writing some more books. Incidentally, he does his own writing—no ghosts are employed. His step is still steady, his shoulders square. About the only concessions he has made to the march of time are his thinning hair and the use of a hearing gadget. At the risk of being considered lazy, he confesses that he now gets out of his bed at 7:00 a. m. instead of at 6:00, his custom for many years.

What has particularly endeared the Chief to many people is that as an outstanding example of what a man can accomplish under our American capitalistic system of free enterprise, he has taken his successes in stride and all humility. Over the years he has been outspoken in declaring that "the American way" is the best economic and social system ever devised by man for the general welfare of mankind. Again and again he has decried the centralization of power which has been taking place at Washington in recent years. As far back as October 31, 1932, in a campaign speech, he said:

"Our government is founded on a conception that in times of emergency, when forces are running beyond control of individuals or other cooperative action, beyond the control of local communities and of states, then the great reserve powers of the federal government shall be brought into action to protect the community. But when these forces have ceased there must be a return of state, local and individual responsibility."

dentally, he does his own writing—no ghosts are employed. His step is still steady, his shoulders square. But when these forces have ceased there must be a return of state, local and individual responsibility."

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

From the files of The Hamlin Herald dated November 8, 1929, the following bits of news of the Hamlin community 30 years ago are reproduced:

Bryant-Link Company grocery department advertised: 25 pounds of sugar for \$1.59; three-pound bucket of Gold Plume coffee for \$1.49; Kellogg's corn flakes for 10 cents.

John Ed Day, Starr Inzer, Paul Bryan and an oil man by the name of Shell are scheduled to leave this week-end for Old Mexico on a deer and bear hunt.

Guy McNeal, Dr. J. F. Estes, R. L. Livingston and H. O. Castle went to Abilene Monday night to attend a meeting of officials of the Chisholm Trail Council of the Boy Scouts of America.

Dr. and Mrs. P. A. Fowler were in Abilene Saturday attending a dental society meeting.

On Thursday evening of last week Thad Harden Jr. entertained a number of his friends with a Halloween party.

Mrs. J. A. Fomby of Sweetwater visited her sister, Mrs. J. Boyd Jr. last week.

TWENTY YEARS AGO.

Among news of goings-on in the Hamlin community 20 years ago were the following, reprinted from The Hamlin Herald dated November 10, 1939:

Hamlin's Pled Pipers defeated the Haskell Indians 20 to 7 in a conference football game Friday.

Visiting in the home of Mr. and Mrs. C. S. Ruffield and Mr. and Mrs. Monroe Tabb over the week end were Mrs. Ruffield's brother, H. C. Hedges, wife and daughters, Alice, Opal and Mrs. Mug Stepheno and baby and Mr. and Mrs. B. V. Hedges, all of Tennyson.

Warren Nobles of Brownfield came down Sunday to spend the day with his mother, Mrs. Vera Nobles, and his sister, Mary Marguerite.

Leta B. White is assistant bookkeeper at the city hall.

Mr. and Mrs. Earl Smith visited the dry goods market at Dallas this week.

TEN YEARS AGO.

Bits of news about happenings in the Hamlin community 10 years ago include the following, taken from The Hamlin Herald dated November 11, 1949:

A street parade will open an Armistice Day celebration sponsored next Friday by the Hamlin post of Veterans of Foreign Wars, according to W. C. (Jiggs) Gold, commander.

Hamlin youths, celebrating the annual Halloween occasion, did considerable damage over the city last Thursday night, according to J. H. Foster, chief of police. Several windows lights were broken out and other acts of destruction were reported.

Voters in Jones County last Tuesday rejected eight of the 10 proposed constitutional amendments. Throughout the state all of the amendments apparently were lost.

FIVE YEARS AGO.

News briefs about events in the Hamlin community of five years ago, taken from The Hamlin Herald dated November 12, 1954, include:

Three major construction jobs are underway this week at Hamlin industrial plants. Projects are going up at Fred B. Moore Grain Company, Western Compress & Storage Company and Midwest Cooperative Oil Mill.

Three more entries—Justin M. Morrow of Rotan, Truett Latimer and Dan Sorrells of Abilene—have tossed their hats in the race for state senator, to fill the place made vacant by the recent death of Harley Sadler.

Hamlin Pled Piper Booster Club has enrolled 160 individuals, according to C. L. Howard, president.

ONE YEAR AGO.

Among items of interest in the community one year ago were the following, condensed from The Hamlin Herald dated November 13, 1958:

Nolan County grand jury Wednesday indicted Robert Shelton, 34-year-old former Hamlin negro, for alleged rape attack on a 72-year-old woman north of Sweetwater on August 28.

Ginger Rabjohn was crowned Pled Piper Band Sweetwater at the football game Friday night between Stamford and Hamlin.

An estimated 10,228 acres of Jones County land has been put in the soil bank by farmers of the county.

Use of Cotton Burs for Enrichment of Soil Offers Other Advantages Also

Several farmers in the Hamlin area are applying cotton burs on their land this year for the first time, according to Dorman Bush, Soil Conservation Service technician at Anson.

The Soil Conservation Service office in Anson has just received some results on cotton bur experiments from Harvey Walker of the Texas Agricultural Experiment Station at Lubbock.

According to Walker, the lint yield was not noticeably increased the first two years that burs were applied. The third and successive applications through a five-year period produced the greatest increases. This indicates that a farmer should not expect much increase the first year.

In his report, Walker said that it was even possible to decrease production following an application of 10 to 12 tons per acre. Reason for this is that large amounts of nitrogen are tied up in the decomposed burs. It takes more than a year for the soil to reach a level that will support good yields. One ton of burs contains approximately 15 pounds of nitrogen, eight pounds of phosphorus and 100 pounds of potassium.

All the areas in the bur test received the same amount of rain. Land on which burs were applied produced more lint per acre-inch of water. Untreated land produced 22 pounds of lint while land receiving six tons of burs produced 32 pounds of lint per acre-inch of water.

These results indicate that there is an initial benefit and a long range benefit derived from cotton burs. The initial benefit being a mulch to keep the ground cool and holding the moisture. The long range benefit being the increase in fertility and increased water holding ability.

Bill Rountree Is Aiding in Short Course at School

W. G. (Bill) Rountree, general superintendent of the city of Hamlin water, sewer and street department, is participating in the three-day Texas water and sewage short school opening Monday on the campus of Texas Tech College in Lubbock.

Rountree was to preside at basic water supply section meeting Monday afternoon.

The Lubbock school is one of several held annually around the state as a means of qualifying water and sewage plant operators for their jobs as required by the Texas general sanitation law.

The school is sponsored by the Texas State Department of Health, the engineering extension service of Texas A. & M. College and the Texas Water and Sewage Works Association.

Rountree is considered to be an expert in the field of water plant management.

Operators will have an opportunity on Wednesday and Thursday to take written examinations leading to Grade C, B and A "certificates of competency" issued by the State Health Department as proof under the general sanitation law that they possess sufficient skill in plant management and knowledge of its public health implications to hold the job.

Estimated Two from County Include in Draft for November

An estimated two from Jones County will be included in the draft call for November.

The state quota for Texas draft boards in November calls for 447 men, Colonel Morris S. Schwartz, state selective service director, has announced from Austin.

The November call is the state's share of a national quota of 9,000 men, all for the Army.

Colonel Schwartz also announced that local boards will send around 2,100 men for pre-induction physical and mental examinations in November. These men return home after being examined at examining stations.

The November quota will be filled with men who are at least 22 years old on November 1, with the exception of volunteers or delinquents, who may be younger.

SHARERS HAVE GUESTS.

Mr. and Mrs. Herman Sharer had as guests over the week-end their friends, Mr. and Mrs. Quincy Sutton of Lubbock.

Richard Thompson Advanced by Celotex

Richard Thompson, secretary of the Celotex Corporation, has been elected vice president and secretary, Henry W. Collins, Celotex president, announced this week in a release to The Herald from the Chicago headquarters of the concern.

Thompson has been associated with Celotex for 17 years. He has been secretary for the past three years, in which post he also served as counsel and property manager. His new duties will be principally in the administrative functions of the company, Collins said. Thompson is a law graduate of Yale, and makes his home in the suburb of Bannockburn near Lake Forest, Illinois.

Age Has Compensations

As a man grows in years, he values the voice of experience more, and the voice of prophecy less; he finds more of life's wealth in the common pleasures—home, health, children; he thinks more about the worth of men and less about their wealth; he begins to appreciate his own father more; he boasts less and boasts more; he hurries less, and usually makes more progress; and he esteems the friendship of God more.

How Do You Play?

The way to learn a man's true character is to watch him at play. It is both interesting and amusing to note the attitude of men engaged in playing a game and in business dealings. It is surprising how closely the two gibe. One man will play the game with all his might—he works like mad for every point in the game, winning or losing. Another man will plug hard so long as his side is winning, and quickly lets down when the opponent starts to forge ahead. And then there's the fellow who likes to play only with inferiors, to make winning easy, and takes advantage of close plays.

And so a man's principles in business are manifested in his play, and the degree of his success may well be observed in his leisure hours.

Nuggets of Thought

Reading maketh a full man; conference a ready man; and writing an exact man.—Bacon.
He that can take rest is greater than he that can take cities.—Franklin.
Some men are just as firmly convinced of what they think as others are of what they know.—Aristotle.
A little house well filled, a little land well tilled, and a little wife well willed, are great riches.—Anonymous.
Hardly anything will bring a man's mind into full activity if ambition be wanting.—Taylor.
When people complain of life, it is almost always because they have asked impossible things of it.—Renan.

Making Progress

Human beings were created to run themselves; no book of instructions accompanies birth certificates, but there are volumes of experience waiting for the new-born child.

Every baby falls many times, learning the laws of equilibrium. If left alone the child would acquire the simple knowledge necessary for existence by himself, but he would spend his entire lifetime learning these simple facts.

This is the reason that parents, teachers, employers and master craftsmen are indispensable—they give to the student instruction that will permit him to improve upon existing methods of living, to become an individual personality.

Individualism is that divine quality by which a person can enjoy the wisdom of the ages and add an increment of improvement. Standardization is the death of initiative for perfection defies regimentation.

Only when the individual is free to grow, to invent, to dream futures and see visions of a better tomorrow will he find the progress which he seeks and which he deserves.

Editorial of the Week

THE EGG CHASERS

In the last six months the Department of Agriculture has doled out \$19,000,000 of the taxpayers' money for egg and poultry. Purpose: To prop up the prices.

The poultry industry, which has been hit by the lowest prices in 18 years, has been cutting back production—over-production earlier in the year having caused the sliding prices. Egg prices now are inching up.

Meanwhile, the small business administration, another agency of the government, boasts of lending more than \$1,000,000 in the last two months to poultry raisers, or would-be raisers, to expand production.

More chicken and egg production means exactly what the poultry industry has just been suffering: Over production and lower prices. Then more use of taxpayer money to to buy up the surplus.

And people laugh when a dog chases its tail—The Fort Worth Press.

HISTORY MAKING VALUE at H. & M. Tire and Appliance

COMPLETE SET OF 24 COOK BOOKS

WITH THE PURCHASE OF THIS TAPPAN GAS RANGE

24 INDIVIDUAL BOOKS containing secrets of food masterpieces of renowned chefs from famous eating places all over the world!

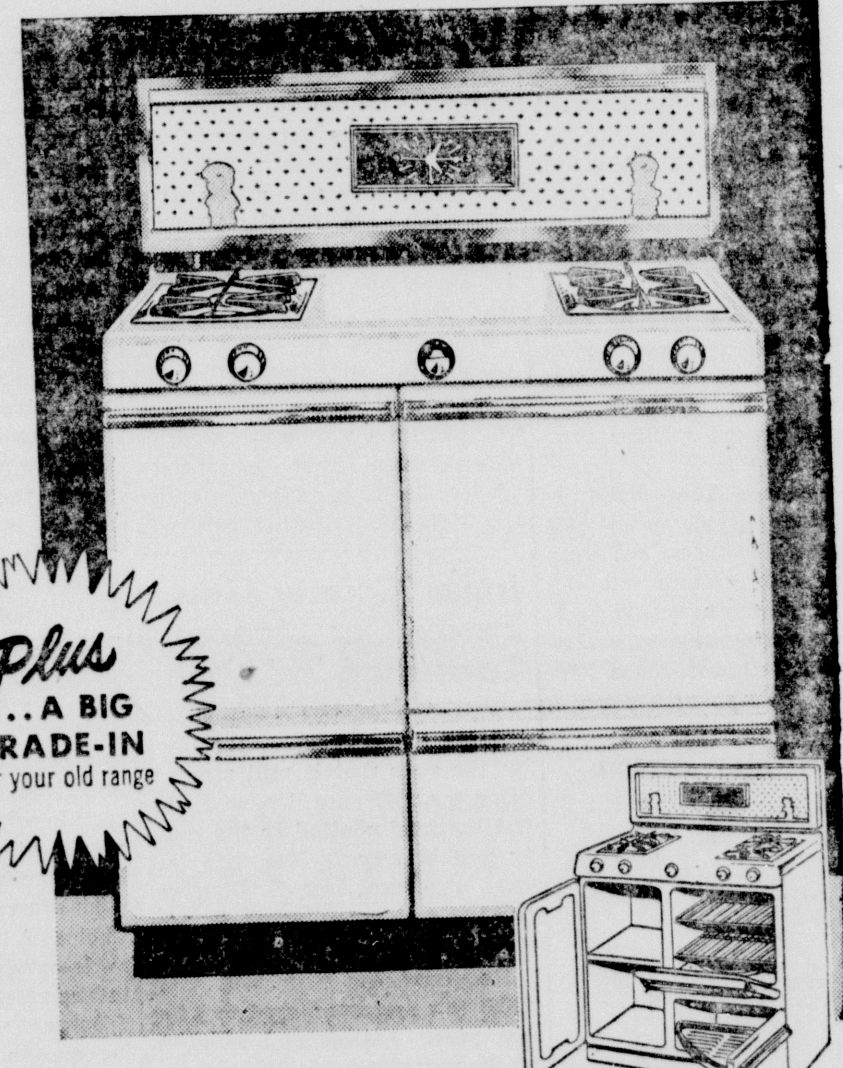

OVER 1600 PAGES, beautifully illustrated! Answers to every cooking occasion, from clever budget-stretching meals to fabulous party-time treats. Hundreds of famous nationality recipes! A complete encyclopedia, in two handsome binders... yours without extra cost if you buy your new Tappan now!

America's most wanted range —packed with features!

Famous Sizzle 'N Simmer Burners for faster heat with perfect control; Flexo-Speed Oven with non-tilting racks and easy-cleaning removable bottom; smokeless Swing-Out Broiler; Double-deck Storage Compartment; all white parts in finest Titanium Porcelain.

Frances Hill Named Gold Star Award Winner for Fisher County 4-H Clubs

Frances Hill, daughter of Mr. and Mrs. Orval Hill Sr. of Syl-Aster, has been named Fisher County's Gold Star Girl for 1959, according to Alice Kemp, county home demonstration agent.

The Gold Star award is the highest 4-H Club award a 4-H member can attain on a county level. Winner of the award is

determined by past and present 4-H Club work as recorded in her club records. To be eligible the member must be 13 years of age or older, have completed three years of 4-H Club work, must be active in 4-H at the time she receives the award, and must not have received this award before.

Frances is 18 years of age and has been in 4-H Club work for 10 years. She is now enrolled as a freshman in North Texas State College at Denton and is majoring in home economics.

During the time Frances was in 4-H she had demonstrations in clothing, food preparation, bedroom improvement, homestead improvement and beef cattle.

In clothing Frances has won blue ribbons in the county 4-H dress revue four years. In 1959 she won first place in the county dress revue and fifth place in the district dress revue.

County awards she has won were the canning medal in 1957 and girls' home economics medal in 1958. She has also won several ribbons in the county fair on her baked foods, canned foods, clothing and handwork.

In beef cattle her calf won first in the lightweight division of both the county and district show in 1955. In 1958 her calf was graded prime and she received award money on it. She also received the showmanship award the same year.

Frances received the State Fair Award in District III for 1957 at an awards banquet in Dallas during the State Fair of Texas.

She has also won in District III contests in dairy foods demonstration and share-the-fun contests. Both times she represented the district in state contests at the 4-H Round-Up at College Station.

Offices Frances has held have been president, secretary, reporter and council delegate of her local club. In the county council she served as secretary and delegate to the district council.

In 1959 Frances attended the district leadership camp and served as a junior leader in the county camp. She has also served as a leader in conducting county clothing workshops, as well as helping to conduct a county recreation school.

Frances attended high school at McCaulley and was a member of FHA, FTA, a cheer leader for the Pep Squad and a star on the McCaulley basketball team. She is a member of the Methodist Church.

The award was presented to her at the county awards banquet in Roby Saturday. She will also be honored at a District III banquet December 5 at Vernon.

A careless driver is just an accident going somewhere to happen.

CITY PAVING

(concluded from page one)

fair committee of the BCD. Melvin Scott is chairman.

Prewitt declared that it was the responsibility of the individuals concerned to urge property owners to participate in the paving program in their particular block. He pointed out that the committee is limited in manpower and will need help of individuals in making necessary contacts for further paving.

Mayor McBride pointed out that the city could only participate in projects of at least three blocks, or single blocks that reach existing pavement, and that the city would participate as long as funds are available.

The city has been laying curb and gutter at 85 cents per front foot, but is limited as to amount of curbing produced because only one block of forms and one crew are available. Joe Hudspeth, street commissioner, said the city would buy another set of forms if the demand for more curbing is great enough.

C. & C. Asphalt Paving Company has made an offer to provide paving at \$1.50 per center line foot and curbing at \$1.25 per front foot if fill dirt and engineer services could be provided.

One block of Northwest Avenue H and one block of another street have been made ready for paving. Contracts can be let as soon as these property owners put up their checks with the city, McBride stated.

McBride pointed out that at a previous City Council meeting the group voted not to let any paving contract until the money covering same had been made to the City of Hamlin. This money will be held in escrow until the paving has been completed to the satisfaction of all concerned.

Miracle Sandwich Spread

Calvin D. Davis With Naval Unit in Pacific Exercises

Navy Lieutenant Commander Calvin D. Davis, son of Mrs. Mamie M. Davis of 133 Southwest Avenue D in Hamlin, and husband of the former Ruby J. Stevenson of Roby, serving with Patrol Squadron 9, is taking part in a large fleet training exercise off the coast of Southern California, November 2 to 6, involving units of the U. S. Pacific fleet.

The exercises, under the direction of the commander of the First Fleet, is pitting "Blue" attack carrier striking forces against opposing "Orange" defensive force. The Blue forces are launching carrier aircraft attacks and simulated guided missile attacks on a large land mass. The Orange defenders are attempting to stop them with Navy carrier and land-based aircraft and surface craft.

Submarines are practicing attacks on the groups during the early phase of the exercise.

Operations of this type are designed to prepare units of the First Fleet for deployment to the Far East and duty with the U. S. Seventh Fleet.

FAIR WARNING.

"I don't want to scare you," the seven-year-old lad informed his teacher, "but daddy said if I don't get better grades, somebody's gonna get spanked."

Get-Acquainted Party Stated by WTU Firm

A get-acquainted party for people of the Hamlin community is scheduled next Wednesday at its business office on South Central Avenue by West Texas Utilities Company. Baked turkey sandwiches, doughnuts and coffee will be served to attendees, says B. M. Brundage, WTU manager.

Door prizes will be given attendees, and two baked hams also will be awarded, it is announced.

All kinds of pencils at Herald

SO EXPLICIT.

Most magazine editors are affable people who like to accommodate subscribers. One editor, however, felt the following letter was asking too much:

Dear Sir: Last year you printed an article, at least I think it was in your magazine, that interested me very much, but I have forgotten what it was. I lost my notes on the subject and can't find the magazine. Will you send me another copy of same, if it was your magazine?

After crosses and losses men grow humbler and wiser.—Benjamin Franklin.

USELESS TRY.

The very small boy came home dejectedly from his first day at school.

"I'm not goin' tomorrow," he sputtered.

"Why, not, dear?" his mother asked.

"Well, I can't read, and I can't write, and teacher won't let me talk, so what's the use?"

The Herald's Page for Women

Students from Foreign Lands Will Be Featured at Baptist WMS Program

Foreign accents, costumes and ideas will be prevalent at the regular Woman's Missionary Society meeting next Monday at the First Baptist Church.

Mrs. Byron Bryant, wife of the interim pastor, will come and bring two students from Harding-Simmons University at Abilene for their personal testimony and talks about the countries from

which they come. They will tell of the people from their countries and the work Southern Baptists are doing in foreign lands.

Edith Tengan is a native of Hawaii, and will be the first to speak. While here in the states she has been going out from H-SU and making the Hawaiian Islands a little more real to the people of this area.

Peggy Disselkone was born in Chile while her parents were missionaries down there. She is an American, but has spent many of her years in South America. At the present time her parents are working with the Spanish publishing house in El Paso. This publishing house prints all materials that are translated into Spanish and used by any country where the language is spoken. She, too, will tell of the work both in Chile and in El Paso. Peggy is majoring in education.

Children of members of the WMS will meet with the group, and all members of the church are urged to attend, as well as any others interested. The program will be in the auditorium of the church at 4:00 o'clock.

Martha Gage and Charlie Turner Wed

Mr. and Mrs. L. B. Gage of 337 Northwest Avenue F announce the marriage of their daughter, Martha Jane, to Charlie F. Turner, son of Mr. and Mrs. T. P. Turner.

The couple exchanged vows in a double ring ceremony Saturday, October 31, in the Hamlin Church of Christ.

The newlyweds are residing at 16 Southwest Avenue A in Hamlin.

Bean Supper Served At Family Night for Fairview Church

A bean supper was served in the home of Mr. and Mrs. Charles Cromeens as the feature of the evening when members of the Fairview Baptist Church, seven miles southeast of Hamlin, met in their monthly family night last Wednesday.

Thirty-five of the church group were present, and a visitor from Mesquite, New Mexico, Mrs. Penny Smith, who was visiting her sisters, Mrs. Elmer Joiner and Mrs. W. W. Goodwin.

After the supper, the group went to the church for a program of singing, composed of solos, duets, trios and quartets from the attendants.

Those present included: Mr. and Mrs. M. F. Holmes, Mr. and Mrs. Jack Wright Jr., Mr. and Mrs. Fred Rosenbaum, Mrs. Elmer Joiner, Mrs. W. W. Goodwin and Linda, Mr. and Mrs. W. O. Gray, Dorothy and Joyce, Mr. and Mrs. H. L. Ford, Penny, Nancy, Diane and Spencer, Mrs. Sharlot Gabriel, Teresa, Lynn and Tommy, Mrs. Penny Smith, Rev. and Mrs. Doyle Combs, Brenda Kay and Catherine Sue, Mr. and Mrs. John Beauchamp and Debra, and the host family, Mr. and Mrs. Charles Cromeens, Sue, Charlene and Ed.

After the sing-song the young people were directed by Joyce Gray and Linda Goodwin in a booster band. The women had their WMU program under the direction of Mrs. Charlie Cromeens. A Brotherhood program was presented by the men in their meeting.

Fifty-Two Study Club Has Program Friday On Women's Rights

Members of the Fifty-Two Study Club met in the home of Mrs. H. D. Lain last Friday for a program on "Legal Rights for Women in Texas."

Mrs. Gene Westmoreland, president, presided at the meeting. Mrs. Tommy Davis gave the federation news.

For the program, "Are You a Married Woman in Texas?" was given by Mrs. Cecil Sellers, and "When Is a Homestead Not a Homestead?" was given by Mrs. Byron Bell.

Mrs. Cecil Sellers and Mrs. Byron Bell will present this program on KPAR-TV during November as the club's communications project.

At the close of the program refreshments were served by the hostess to 16 attendants.

Mrs. Don Lock Goes To State Meeting for Eastern Star Group

Mrs. Don Lock, worthy matron of Hamlin Chapter No. 460, Order of the Eastern Star, returned last Friday from San Antonio, where she represented the local chapter at the seventy-seventh annual session of the grand chapter of Texas, Order of the Eastern Star.

The convention was held November 2 to 5 with around 4,250 in attendance. The convention was called the sunshine crusade session, and used sunshine and broader horizons as its theme.

Some of the highlights of the confab, Mrs. Lock reported, were awarding of 154 scholarships of \$400 each to students majoring in religious training; announcement that under the welfare program \$1,460.80 had been given to the Pusan Children's Charity Hospital in Pusan, Korea. This hospital was organized by the American GIs and Master Masons of Pusan in 1951 during the Korean conflict. It is maintained to provide a health center that serves the children of all the orphanages of the Pusan area.

The convention closed with the installation of grand officers for 1959-60 on Thursday evening.

Mrs. Clarence Hyer Jr., past matron of Hamlin chapter, also attended the convention and served as a page.

New Year's Styles Featured at Dallas Showings for Market

Mrs. Clyde Huff of Malouf's Department Store was among the 5,000 buyers and merchants attending the American Fashion Association's early spring and resort market held in Dallas November 1 through November 6.

The showings, held in the Adolphus and Baker Hotels, featured "New Shapes, New Faces," as depicted in the AFA fashion merchandising clinic, held in the Crystal ballroom of the Baker Hotel on the evenings of November 2 and 3.

From the 400 exhibitors of women's apparel and accessories, buyers learned that the approaching spring season will take on an appearance of femininity and quality. The femininity is expressed often in easy draping that reveals the natural body line.

Other items of new fashion interest include bloused and batwing sleeves, cowl and cape collars, three-quarter length coats, the long blouson and the taut midriff. The new fabrics used by designers in their spring lines are interesting for their "new faces" surface interest, new weaves and new fiber blends. The sportswear collections, for which our American manufacturers are famed, are colorful and exciting.

THANKFUL TIME

When George Dingwell, one of the last of the G. A. R. veterans reached 90, a neighbor asked, "Don't you hate to grow old?" Dingwell answered, "Shucks, no. If I wasn't old, I'd be dead!"

Officers Installed at Meeting of Friends Sunday School Class

Mrs. Joe A. Simpson was guest installation officer when the Friends Sunday School Class met in the First Baptist Church Tuesday evening.

As each officer was installed she was given a book-mark with the Bible verse on it used in her installation.

Officers installed were: Mrs. Johnie Agnew, teacher; Mrs. Jack Wright, assistant teacher; Mrs. Tom Nall, president; Mrs. L. B. Maberry, vice president; Mrs. Noel Weaver, secretary-treasurer; Mrs. Clyde Grice, assistant secretary-treasurer; Mrs. Watt Fletcher and Mrs. Ernest Lee, group leaders; and Mrs. Bonnie Bingham, calendar girl.

The class group presented a gift to Mrs. Simpson.

A dessert plate and coffee were served following the ceremonies to Mmes. Jie A. Simpson, M. L. Rhoton, Everett Gibson, L. B. Maberry, Noel Weaver, W. C. Hargrove, Johnie Agnew, Clyde Grice, Jack Wright, Ernest Lee, Bonnie Bingham and Tom Nall.

Methodist Women Meet for Luncheon

Members of the Woman's Society of Christian Service of the First Methodist Church met in the fellowship hall for their general business meeting and luncheon Tuesday.

Mrs. Richard Young Jr. presided at the business session. Mrs. J. O. Ballard gave a report on work of the World Federation of Methodist Women.

Mrs. C. J. Rollis gave an inspiring review of the book, "Dear and Glorious Physician" by Taylor Caldwell. The meeting was dismissed with prayer by Mrs. Tom Teague.

Fayma Downey and Don Drummond to Wed December 26

Mr. and Mrs. Henry Downey of Hamlin are announcing the engagement and approaching marriage of their daughter, Fayma, to Don Drummond, son of Mr. and Mrs. G. W. Drummond of Hamlin.

The wedding is planned for December 26 at 5:00 p. m. in the First Baptist Church at Hamlin.

The bride-elect is an honor graduate of McCaulley High School and is now a senior student at North Texas State College at Denton, where she is a member of the Ellen H. Richards Club and the B. S. U. Greater Council. Her fiancé is a graduate of Hamlin High School, and attends Arlington State College at Stephenville, where he is a member of the Rebel football team.

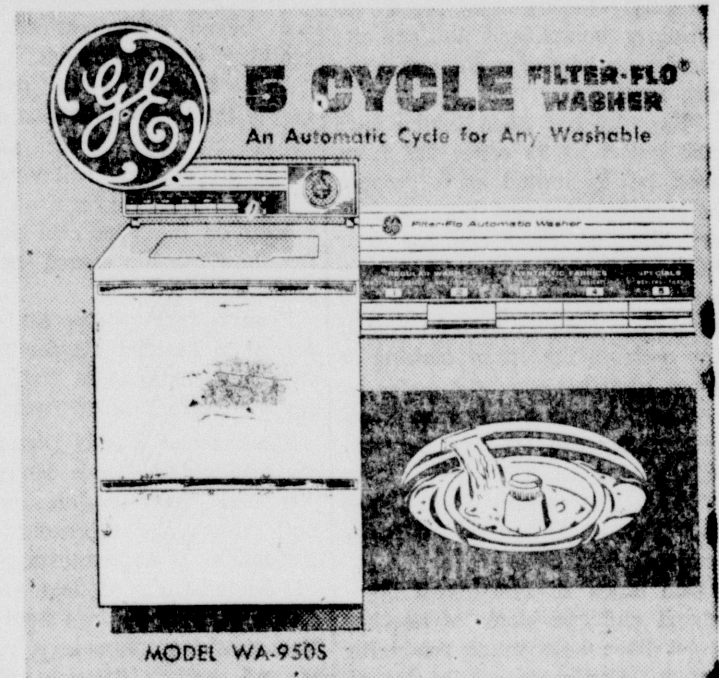

Methodist Women Meet in Carlton Home

Members of the Hudson Circle of the Woman's Society of Christian Service of the First Methodist Church met last Friday in the home of Mrs. Buren Carlton. The week of prayer program was given, and a quiet time was observed throughout the program.

The Hudson Circle will be hostess at the general meeting luncheon on November 3. Mrs. Carlton will be hostess in November for the circle meeting.

Mrs. Witt served coconut dream bars, brownies and coffee to the following attendants: Mmes. W. H. Parker, W. H. Pickron, Fred Carpenter, L. C. Bonds, Buren Carlton and M. T. Hudson.

STATE CAPITAL

Highlights

AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin.—Typical of the tangle of interests and viewpoints that confront Texans when they set out to "solve the water problem" is the current hassle over Trinity River water.

Trinity development poses special problems. This second largest river in Texas (in volume of water) has a 455-mile channel that meanders through or near three major population centers—Fort Worth, Dallas and Houston. All are directly concerned, not to mention the small cities along the way.

In the current hearing before the State Board of Water Engineers, Houston and the Trinity River Authority jointly seek permits to build two dams, both near Houston. One would be a reservoir at Livingston; the other a salt water barrier at Wallisville.

At first, Houston alone sought the permits with stiff opposition from TRA. Then the two agencies compromised and agreed that both would build the dams with Houston footing 70 per cent of the bill and getting 70 per cent of the water.

But before the plan could be approved, objections came from all sides. These now are being heard before the water board.

San Jacinto River Authority, which supplies part of Houston's water, contends the city should stick with San Jacinto. North Texas Municipal District and the Municipal Service Company are worried about their own future water supply from the Trinity.

Southern Canal Company, which long has sought irrigation rights downstream, is opposed to the plan as are various land owners whose property would be flooded by the new reservoir.

Testimony is complex, often heated and expected to be quite lengthy.

Some of the data presented on future water needs provides a glimpse of the possible Texas of tomorrow. An engineer, appearing for Houston, predicted the nine-county area around that city will have a population of 6,750,000 by the year 2010—more people than the whole state had in 1940. Water needs will be a staggering 2,682,000,000 gallons a day, he said.

Tranum Promotion Studied.—House investigating committee has been looking into the money raising methods of a man who claims to have a device to upgrade uranium ore.

John Milton Addison faces charges in state and federal courts of using illegal financing methods. He has purportedly borrowed \$1,000,000 at 10 per cent interest in unsecured loans.

But lenders appearing before the House committee said they had faith in Addison and felt he had been "persecuted" by law enforcement officers.

Representative H. J. Blanchard of Lubbock heads the investigating panel. Other members are Representatives Joe Burkett of Kerrville, Tom James of Dallas, Carl Conley of Raymondville and John Allen of Longview.

Court to Move—Texas Supreme Court holds its last session in the

Good Attendance at Methodist Revival

Good interest and large crowds have typified services at the revival meeting now underway at the First Methodist Church, leaders of the congregation declare.

Pastor Edmund W. Robb is doing the preaching in the series of services that will continue through Sunday evening.

Services are being held each day at 7:00 a. m. and 7:30 p. m. Each morning from 6:30 to 7:00 o'clock the Methodist Men are serving coffee, hot chocolate and doughnuts.

Rubber bands at The Herald

page of laws allowing for chemical tests to determine drunkenness.

Daniel Raps Lawmakers.—Private research agencies have done a good job of fact finding, but the Legislature has been slow to carry out recommendations, Governor Price Daniel said at the Texas Research League's annual meeting.

He cited law enforcement and traffic safety as areas of legislative foot-dragging and implied there had been an effort to undo insurance department reorganization.

James C. Bailey, 92-Year-Old Area Farmer, Passes

Final rites for another pioneer of the Hamlin community, James Clay Bailey, 92-year-old retired farmer, were conducted Tuesday afternoon at 2:30 at the Hamlin Church of Christ.

Bailey, who had been in failing health for three years, had been a resident of the Fisher County Rest Home at Rotan for more than two years. He died Monday afternoon at Rotan.

Born in Arkansas on February 20, 1867, he was the son of Mr. and Mrs. James Bailey. He married the former Mary Lester in Arkansas on July 28, 1886. They had been residents of the Hamlin community since 1920, farming until their retirement several years ago.

Officiating at the funeral services at the Church of Christ, of which he was a member, was Herbert Smith, the minister.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Bill Sauls, Alvin Hill, Johnny Hester, Harold Bonner, Elbert Payne and Albert Haight. Surviving the pioneer are two

Handlers of Grain Sorghums Urged to Avoid Contamination

Grain sorghum producers and shippers in the Texas Plains are cautioned by County Agent Kirby Clayton to be sure vehicles hauling grain are free of any seed other than grain sorghum.

A number of truck loads and carlots being shipped from Texas to western states have been denied entry after a few cottonseed were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments—at a cost varying from \$50 to \$100 per load—before crossing the state line.

The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

Rev. M. D. Rexrode Heads Baptist Group At District Meeting

Rev. M. D. Rexrode, pastor of the First Baptist Church of Haskell will serve as president of the Seventeenth District of Texas Baptist General Convention during the 1960 term.

Hundreds of Baptist leaders of 164 churches of the 12-county area including several from the Hamlin section, attended the district's annual two-day meeting recently at the Lamar Street Baptist Church in Sweetwater.

Other officers elected were: Rev. Jack Southerland of Stamford, vice chairman; Rev. James Easterwood of Anson, secretary; Rev. Byron Bryant of Abilene and Hamlin, treasurer; Rev. Harvey Kimler of Eastland, Sunday School superintendent; Rev. Ralph Perkins of Ranger, Training Union director; Rev. Harold Watson of Clyde, Baptist Standard; Rev. Irving Looney of Jayton, Vacation Bible School director; Rev. Mart Hardin of Merkel, evangelism chairman; Rev. L. L. Trott of Abilene, relief chairman; Rev. Earl Hord of Crossroads, Baptist Church achievements; and Rev. Leonard Hartley of Sweetwater, forward program and stewardship.

Pied Pipers to Meet Tigers From Anson in Finale Friday

Everybody on Bench to Be Used Declare Coaches

While they cannot have the District 6-AA championship this year by virtue of their heart-breaking loss Friday night to the powerful Stamford Bulldogs, the Pied Pipers of Hamlin intend to fight to the bitter end Friday night, when the play host to the Anson Tigers.

The tilt starts at 7:30 o'clock, and will wind up the season for both the teams—long time rivals in all types of sports.

The Pipers go into the fray with an eight won, one lost record for the year, while the Tigers have a one won, eight lost record for the year.

Naturally, Hamlin is doped to take the game, but Coaches D. C. Andrews, Jimmy Vaughn and Neil Laminack declare their boys will be fighting all the way. They expect to play everybody on the bench in the final tilt of the year.

Last year the Anson-Hamlin game ended in a 20 to 20 tie, with Hamlin coming from behind in the fourth quarter to knot the count in the tilt played at Anson.

A good sized delegation of fans is expected to come to Hamlin for the last game. No let-up in the fine team backing accorded this season so far is expected at the Friday night fracas.

DISTRICT 6-AA STANDINGS

Football teams of District 6-AA virtually totok about the positions most football fans of the region had expected shortly after the season started. With the Stamford Bulldogs taking the Hamlin crew last Friday night, the loop championship was settled. Lowly Haskell defeated the Anson Tigers in a spurt of strength.

Standings for the season and in district play looked like this after the week-end tilts:

Teams—	P.	W.	L.	T.	Pct.
Stamford	9	9	0	0	1.000
Hamlin	9	8	1	0	.888
Seymour	9	5	3	1	.611
Anson	9	1	8	0	.111
Haskell	10	1	9	0	.100

Teams—	P.	W.	L.	T.	Pct.
Stamford	3	3	0	0	1.000
Hamlin	3	2	1	0	.666
Seymour	3	2	1	0	.666
Haskell	4	1	3	0	.250
Anson	3	3	0	0	.000

Results Last Week.

Stamford 33, Hamlin 0.

Haskell 12, Anson 12.

Where They Play Friday.

Stamford at Seymour.

Anson at Hamlin.

Haskell—Season completed.

CAN'T STAND IT.

Two men were seated together in a crowded street car. One of them noticed that the other had his eyes closed.

"What's the matter, Bill," he asked, "feeling ill?"

"I'm all right," answered Bill, "but I hate to see ladies standing."

Haskell Indians Beat Anson 14-12 In Final Fracas

After nine losses in a row this season, the Haskell High School Indians lambasted the Anson Tigers 14 to 12 Friday night on the Anson griddle in a District 6-AA game. It was Anson's eighth loss of the year.

A late fourth quarter touchdown by Fullback Tommy Anderson and his successful conversion meant victory for the Indians.

Haskell resorted to a air game most of the night, racking up 71 yards in completing eight of 21 throws.

Gibson tallied the first Haskell marker when he went over from the one-yard spot on a quarterback sneak.

Anson tied up the game in the second quarter when Fullback Ronnie Bailey dived over from the two-yard location.

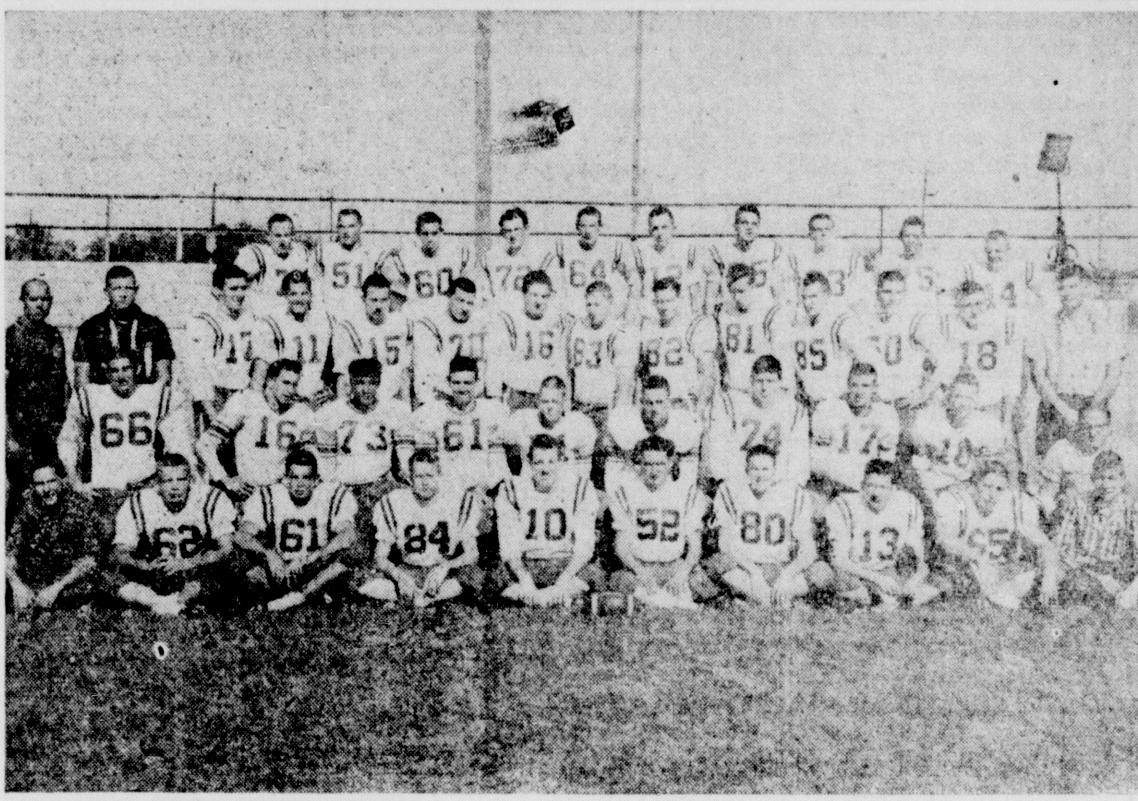

Anson took the game lead early in the fourth period after a scoreless third quarter. Quarterback David Probst lateraled on the Haskell 25 to Halfback Ronnie Good, who raced across the double stripe for pay dirt.

Then when Anson kicked off Haskell took over on the 50-yard marker and set the stage for the winning score. Anderson went over from the 10-yard spot standing up. Then Anderson plunged over for the two winning points.

Haskell amassed 15 first downs with 132 yards on the ground and 71 yards in the air by completing eight of 21 passes. Anson made nine first downs with 140 yards rush and 12 yards in the air by connecting with one of 10 pass tosses. Haskell lost three fumbles while recovering one of Anson's bobbles.

SHAVE ON TOP.

"I want my hair cut like daddy's," the little boy said as he climbed into the barber chair, "with a hole in the top."

PLAYING THEIR FINAL GAME of the 1959 football season Friday night at Hamlin against the Anson High School Tigers will be the Hamlin High School Pied Piper gridders pictured above in an early season pose. The Pipers have made an impressive season record this year. After winning eight straight games, they dropped Friday night's tilt to the state champion Stamford Bulldogs.

Powerful Stamford Bulldogs Trample Pied Pipers 33 to 0 to Win District

With renewed determination to maintain their Class AA championship reputation, Stamford High School's Bulldogs last Friday night showed displays of big-time football power that rolled down a threat by the Hamlin Pied Pipers at the District 6-AA crown.

The Bulldogs defeated the Pipers with a resounding 33 to 0 score on their own griddle. The tilt was witnessed by more fans from Hamlin than from the host city, it was estimated.

Hamlin's gridders, after winning eight straight games this season, were hoping for a miracle almost that would let them beat the Bulldogs, who have gone to state AA finals two out of three years. They just couldn't find any weak spots in the Stamford defense, although any Bulldog fan or player will tell you that the Bulldogs had a fight on their hands all night.

Stamford scored the first time the Bulldogs got the ball in the first quarter, taking the kick-off and marching 65 yards in 16 plays. Quarterback Tom Lovvorn sneaked over from the one-yard spot. His pass for the extra points was too high for Wayland Shurley. The quarter ended with a 6 to 0 score.

Second time Bulldogs got the ball they drove from their 29-yard

spot to the Hamlin 14 when Hamlin's Dwight Griggs intercepted a pass from Lovvorn at the 10-yard line. Two plays later, however, Prewit was bumped loose from the ball and Stamford's Jimmy Prewit recovered. Lovvorn scored after four plays on a dive through the middle. Mark Hinson went over right tackle for two extra points. The score was 14 to 0.

After receiving the kick-off the Pipers were still stymied by the Stamford defense. On a blocked punt by Hamlin, Stamford took a dead ball on the 29-yard location. Nine plays later Cotton Thompson scored on a sneaker from the one. Try for extra point was broken up by Prewit and Griggs, and the score was 20 to 0 at the half.

Hamlin came back stronger in the third period and made it into the Stamford territory three times, but could not muster the strength to score. The third quarter marked no score.

In the last five minutes of the game Stamford added 13 more points to its scoreboard. Stamford took to the air, and a pass from Thompson to Ronnie Biggs was good for 48 yards. Gerloff scored on a pretty play down the right sideline to score. Duane Lindsey kicked the extra point.

The Bulldogs scored another touchdown after recovering a fumble on the Hamlin 30-yard line. Thompson passed to Jones for 18 yards and the marker. Durwood Boyd blocked Lindsey's kick try for extra point.

Gerloff was Stamford's stand-out for the game. He made 118 yards on 18 carries.

Playing stellar defensive ball for Hamlin were Ken Prewit, Mike Bond and Neil Branscum.

Hobbs Panthers Take McCaulley Tilt 30-13

Hobbs Panthers spanked the McCaulley Eagles 30 to 13 in a six-man game played last Friday night on the McCaulley griddle. It was McCaulley's ninth game and loss of the season.

McCaulley first score was made by Jimmy Jeffrey, who took a pass from Gene Stevenson and ran 40 yards. The second tally was made by Gene Tabb, and a pass from Jeffrey to Bobby Kiser made the extra point.

Herman Adams of Hobbs scored three times, and tossed a long pass to Orvie Freeman for another touchdown. A pass from Mike Soto to Chindo Soto gave Hobbs its final marker.

VISIT FROM SNYDER.

Mr. and Mrs. Bill Deavers of Snyder visited Sunday with Mrs. Florence Calvert.

Stamford made 27 first downs in the melee with 361 yards on the ground and 125 yards by connecting on six of 12 pass throws. Hamlin managed to get four first downs on 16 yards rushing and 64 yards in completing five of 16 aerials.

Hamlin lost two fumbles, while the Bulldogs lost none.

Lions Club Sees Film on Bob White At Tuesday Meet

"Bob White on the Land" was the title of an interesting sports film shown as the program feature at the Tuesday noon luncheon meeting of Hamlin Lions Club at the oil mill guest house. The film was provided by the Texas Game and Fish Commission.

Showing steps necessary on the part of land owners and sportsmen to help propagate bob-whites in Texas, the film gave pertinent facts about cover, food and sporting care in helping the bob-white survive against natural and created odds.

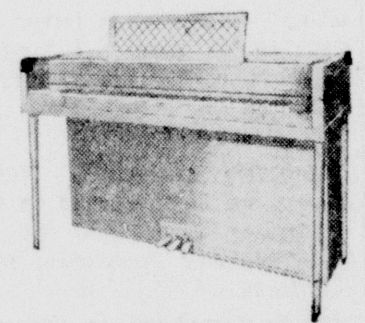

Texas Game and Fish Commission, the film pointed out, is now hatching from 50,000 to 60,000 birds per year for distribution to farms and ranches where protection and care are promised. Private hatcheries also are helping to increase quail in the state.

President Donley Williams announced Hamlin Lions Club sold \$865.25 worth of brooms and other items from the Lighthouse for the Blind last week. The local club will net more than \$200, which will be used for work with people in the Hamlin territory with deficient eyesight.

Hamlin club will be host next Thursday at a zone meeting of club officials at the guest house. Zone Chairman Tom Ward of Breckenridge and Deputy District Governor George Szama of Albany will attend, it was announced.

Guests at the Tuesday luncheon were Don Bailey of Stamford and Lion Ed Schneider of North Park, Illinois.

October City Tax Payments Total Over 70 Per Cent of Roll

October tax payments at the Hamlin city hall were more than 70 per cent, announces City Secretary Mrs. H. M. Barrow, who said the collections received last month cover both real estate and personal property taxes.

Tax roll for 1959 amounted to \$56,342.07 on assessments of approximately \$3,756,139, says Mrs. Barrow.

Eventually the city will collect about 95 per cent of its yearly roll, which is considered good to excellent all over the state.

One factor attributable to the early returns is the three per cent discount if paid in October. The discount is two per cent in November and one in December. After January 31 unpaid accounts are considered delinquent.

Egg Producers . . . Do Not Pass Up This Unusual Opportunity . . .

HOW TO BE ABSOLUTELY SURE OF

Income Equal to 10% More Eggs!

for the First 30 Days after Switching to Nutrena!

Run this 30-day Performance Test with Your Own Flock!

Here's our cash-on-the-line offer: Switch from whatever ration you're presently feeding to any Nutrena egg feed. If you do not get at least 10% more eggs during the first 30 days on Nutrena than you got during the previous 30 days, Nutrena will pay you the difference in cash!

For example, let's assume you got 500 dozen eggs from your flock last month. You must either get 550 dozen eggs in the next 30 days or Nutrena will pay you the difference between your actual production and 550 dozen eggs at the current market price.

No one, not even Nutrena, can guarantee that you will get 10% more eggs under all circumstances. But by signing up for Nutrena's 30-day performance test, you're absolutely sure of either 10% more eggs or the equivalent income in cash.

There are no catches, no strings, no unreasonable conditions. If your flock is not obviously diseased or molting, this performance test is offered to you in all good faith when you switch to Nutrena from any other brand of egg feed.

So don't miss out on this unusual opportunity. You must sign up and start Nutrena's 30-day performance test before December 31. Don't wait. See us for the details today. Start now enjoying the benefits of a Nutrena egg feed program.

County Attains 91 Per Cent of Bond Sales Goal

Savings bonds sales in Jones County were \$13,894 for the month of September, according to A. C. Humphrey of Stamford, chairman of the county savings bonds committee. Sales for the first nine months of 1959 were \$302,379 or 91 per cent of the yearly goal, Humphrey said.

E and H bond sales in Texas amounted to \$115,170,663 during the first nine months of this year. This figure represents 63 per cent of the yearly sales goal.

"The new improved interest rates on E and H bonds will aid thousands of Americans who are already buying savings bonds and will help induce others to purchase the new 'best ever' savings bond," Humphrey pointed out. "All bonds purchased since June 1 of this year now earn an attractive three and three-quarters per cent interest when held to maturity, and old bonds earn at least one-half per cent more than before. Considering the safety, ease of purchase and the new attractive interest rates, savings bonds are truly the 'best buy ever'." Chairman Humphrey concluded.

Jones County's purchases for the year rated it sixth in the nine-county District 13 of Central West Texas in percentage of yearly goal purchased. The counties, with cumulative purchases for the year and percentage of goal attained, follow in the table below:

County	Year's Total	% of Goal
Callahan	\$ 165,989	77.6
Eastland	381,818	70.0
Fisher	61,229	72.0
Haskell	179,982	56.1
Jones	302,379	62.4
Nolan	308,446	7.0
Shackelford	133,864	5.0
Stephens	206,489	45.0
Taylor	1,120,144	79.3
District	\$2,860,344	68.7

I believe the first test of a truly great man is his humility. —John Ruskin.

SINGER AND SENATOR—Singer Mitch Miller and Senator Lyndon Johnson of Texas led the singing in Austin at a Jaycee "Leadership Seminar" which turned into a rally supporting Johnson for the presidential nomination on the Democratic ticket.

H. & M. Appliance Store Named Dealer For Amana Freezers

Appointment of H. & M. Tire and Appliance Store as distributor for the Amana Deepfreeze and refrigerators in the Hamlin territory has just been made by the Amana Manufacturing Company.

The firm will continue to handle appliances and home fixtures in the GE line according to Joe Hudspeth, owner. In connection with the new appointment, a special factory sponsored "Freezerama" event is being conducted at H. & M. Store next Friday and Saturday, November 13 and 14, it is announced. A special van of Amana appliances, accompanied by factory representatives, will show the new appliances and quote special prices. Door prizes will be given to attendants at the two-day event, and Hudspeth announces that turkeys will be given with the purchase of each major appliance.

Questionnaires of Farm Census Put In Mail This Week

Questionnaires for the 1959 census of agriculture are now in the mail and will be in the hands of Hamlin area farmers within a few days. It was announced this week by Field Director James W. Stroud of the census bureau's regional office at Dallas.

The farm census questionnaires are being mailed from Chicago, Illinois, with the distribution times so that the report forms will reach farmers about a week ahead of the date when census takers will begin the field canvass. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up.

This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm.

The 1959 census of agriculture questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values and mortgage debt. On the average, each farmer is asked about 100 questions, many of which can be answered by simply checking "yes" or "no."

John Sumrall Records 29 Inches of Rainfall

John Sumrall, farming nine miles west of town, says Hamlin's official government rain gauge can show normal or below-normal rainfall if it wants to—but he is not going to accept these readings for his "official" rainfall for the year.

Sumrall declares his gauges so far this year have recorded 29 inches of rainfall. The normal annual rainfall for the area is 22.74 inches, according to government records.

NATURALLY.

"Why do they call our language the mother tongue?"
"Because a father so seldom gets a chance to use it."

Savings Offered on Daily Subscriptions Clubbed with Herald

Folks of the Hamlin territory who want to save money on their reading for next year can effect a saving of \$1 by combining The Herald with their new or renewal subscription to dailies coming to this section.

Annual bargain rates of The Abilene Reporter-News and The Fort Worth Star-Telegram have been announced, and Your Home Town Paper is being combined with these and other papers for substantial savings.

The Abilene Reporter-News fall bargain rate is \$13.75. Combined with The Herald the two papers are \$15.25—a saving of \$1 on the club.

The Fort Worth Star-Telegram bargain rate is \$15.75, and combined with The Herald both are \$17.25—a saving of \$1 on the club.

The Herald guarantees correct handling of your daily subscription. Bring your label from a current issue for correct renewal.

Students Desiring to Take Naval ROTC Stint Should File Soon

High school seniors and graduates have only until November 14 to apply for Navy's Reserve Officer Training Corps, Vice Admiral H. P. Smith, chief of naval personnel, said this week. Applicants will take the nationwide competitive examination on December 12 as the first step toward an appointment as midshipman.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at the civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for four years.

Application forms are available at high schools, colleges, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D. C.

SEARCH IN ORDER.

Man to small boy dragging top half of a bikini swim suit along the beach: "Now show daddy exactly where you found it."

THE KIND WE HAVE.

On the first day of school the little boy was telling the teacher about his new dog.

"What kind of a dog is he?" asked the teacher.

"Well, he's a mixed-up kind," the boy answered. "Sort of a cocker scanda!"

MANY QUALITIES.

Personnel Director—"What previous experience have you had and what work have you done?"

Pretty Job Candidate—"I was a secretary. All I had to do was to look like a girl, think like a man, act like a lady and work like a dog."

BACKWARD LOOK.

In the midst of her first driving lesson the wife complained to her husband: "The little mirror up there isn't right."

"What's wrong with it?" the husband queried.

"I can't see a thing in it but the car behind."

Double Warranty—Five-year warranty on sealed refrigeration system—one-year warranty on freezer. Five-year food protection warranty against food spoilage due to mechanical failure of the refrigeration system.

Save 2 Ways!

1. Save on your Food Budget with Amana Freezer.

2. Save on meal preparation time with easy-to-cook Frozen Food.

Guaranteed to out-perform all others!

Amana Fact 1

Amana reserve power and efficiency bring temperature down to 0 degrees F. faster and safer than all others tested. Because Amana is engineered and designed and built to be a fine food freezer—not just a "holding cabinet" that "feels cold."

Amana Fact 2

Amana maintains an even 0 degree temperature. Amana has six "fast" freezing surfaces of solid aluminum with the cold coils brazed to each. All foods are either directly in contact with, or directly below, these "FAST FREEZING" shelves. Amana reaches and maintains 0 degree F. temperature—thus protecting your Frozen foods from TEMPERATURE DAMAGE.

Amana Fact 3

Amana has uniform food storage temperature—many other freezers have long running cycles, which indicate lack of freezing capacity. Amana insures "lock-in" nutritional values because of the even zero degree temperature throughout.
